Dear Ms. Hodgson: In response to the RFAI s dated November 24, 2004 (Amended April Quarterly) and December 1, 2004 (Amended July Quarterly): November 24, 2004: You asked for clarifying information as to why Line 11 and 17 receipts were not reported on the original report. The reason the information was not originally reported was that the information was made available after the reporting date, so the information was added as an amendment. With regard to the contributions noted as having been made after the primary, these contributions were incorrectly reported as having been made for the primary election when, in fact, they were made for the general election. We have amended the report accordingly. December 1, 2004: You asked for clarifying information as to why Line 11 and 17 receipts were not reported on the original report. The reason the information was not originally reported was that the information was made available after the reporting date, so the information was added as an amendment. With regard to the contributions noted as having been made after the primary, these contributions were incorrectly reported as having been made for the primary election when, in fact, they were made for the general election. Similarly, this also resolves the questions of apparently excessive contributions; specifically, these contributions were incorrectly reported as having been made for the primary when they should have been reported as made for the general election. We have amended the report accordingly. If you should have any questions, please do not hesitate to contact us. Corey Rubin
